

# Operation Smile

Russia

General Director  
Vostochnaya Technica  
Anthony V. Diggeden

Dear Mr. Anthony V. Diggeden!

On behalf of Operation Smile Russia we'd like to express our sincere gratitude to Vostochnaya Technica for the donation, which we received at our bank account.

Thanks to your donation we were able to hold a medical mission for children with cleft lips, palates and other facial deformities which took place in Novosibirsk, June 22-26.  
61 children got new smiles!

Since 1995 Regional charity public organization "Operation Smile" holds charity medical missions for children with cleft lips, palates and other facial deformities in different cities of Russia several times a year. Over this time more than 2400 children received free life changing surgery. All medical personnel, taking part in medical missions of "Operation Smile" are volunteers, donating their vacation time, skills and experience to help children and develop medical potential of our country.

We hope for the long-term cooperation for the welfare of children in need!

Yours sincerely,

Director

Irina Tulyakova

*Mobilizing a world of generous hearts to heal children's smiles and transform lives across the globe.*
